Air conditioning:	Yes		

YACHT DESCRIPTION:

Architect:	Officina Italiana Design	Material:	GRP
Internal Furniture:	Oak Canaletto Grey	External Hull Colour:	Snow White with double Aquamarine waterline stripes (2022)

HEATHERSTREAM is one of the world's most beautiful 40 knot sports cruisers, its dazzling finish is so beguiling, its lines so perfectly balanced that it defies belief that anyone could have designed something so beautiful. This impressively engineered 44ft (13m) beauty is brimming with exquisite, practical detailing, designed to make life on board as easy as possible. HEATHERSTREAM offers plenty of sturdy handrails, extra spring cleats and a sophisticated electronically controlled bimini that hinges beneath the deck mouldings when not in use. If you had been a motor boat designer, this is perhaps what you would have come up with.

LAYOUT:

The layout is simple, yet elegant. The entire below-decks living area is for the exclusive enjoyment of the owner. Forward, there was a double berth with reading lights and an array of beautifully crafted drawers. Amidships and to port, hidden from view, is a refrigerator, cooktop, microwave oven and stainless steel sink, with adjoining cupboards and upholstered drawers loaded with cutlery, pan set, and a china for four all emblazoned with the Riva logo. To dial it up another notch, a "champagne cooler" comes as standard, which is a deliciously decadent feature. For the Crew there is a single-berth, single-head stateroom accessed via a cockpit hatch.

BROKER COMMENTS:

This is one of the nicest Rivaramas I have seen. Lightly used, immaculately maintained and stored under cover every winter, repainted recently in an iconic Snow White finish, which so beautifully defines those sublime contours of the Rivarama. With over 120 Rivaramas built by the Riva shipyard since 2004, HEATHERSTREAM is very much a modern day classic.
