YACHT DESCRIPTION:

| | | | |
|----------------------------|------------------|------------------------------|-----------------|
| Architect: | Fulvio de Simoni | Material: | GRP |
| Internal Furniture: | Cherry Gloss | External Hull Colour: | Metallic Silver |

The Pershing 50 M/Y ROMA, built in 2007, is a well-maintained motor yacht powered by 2 x 800 HP MAN engines. She delivers strong cruising capabilities with efficiency and reliability and features 3 double cabins and a crew cabin. The interior layout is designed for practicality, with high-quality finishes that reflect the style and craftsmanship Pershing is known for. In 2021 and 2022, the yacht underwent several key updates, including the repainting of the hull and the installation of new teak decking on the platform, ensuring her exterior remains in excellent condition. The cockpit is well-appointed with a helm station, comfortable seating with a table, and sunbathing cushions, creating an ideal area for relaxation and outdoor enjoyment.

LAYOUT:

The yacht accommodates up to six guests in three cabins, complemented by a separate aft crew cabin for added flexibility. The owner's cabin is positioned forward and features a double berth with private en-suite bathroom, while a twin guest cabin to port and a double guest cabin to starboard share convenient access to a guest bathroom. The main saloon is arranged with a curved sofa set opposite the galley, creating a comfortable and sociable interior space. Outside, the cockpit offers a well-organised helm station, dining area with table, and generous sunbathing cushions for relaxed time on deck.

BROKER COMMENTS:

M/Y ROMA offers dependable performance and the dynamic character the brand is known for. Benefiting from recent hull repainting and new teak on the platform, she presents as a well-kept example with thoughtful updates and a practical three-cabin configuration.
