Architect:	Astondoa Engineering Team	Material:	GRP
Internal Furniture:	High-gloss walnut wood	External Hull Colour:	White

Built by Astondoa Yachts in 2003, M/Y FOREVER is a well-maintained 28m motor yacht, consistently used for private and family cruising in Spain. Recently, in 2024, the current owner undertook a major refit focused on safety and mechanical upgrades, ensuring the yacht is in excellent condition. The flybridge includes a hydraulic dinghy crane, wet bar, BBQ, and seating areas. The main deck offers spacious outdoor lounging, while the interior accommodates up to seven guests in three well-appointed cabins, including a large master suite. With a balance of comfort, practicality, and performance, M/Y FOREVER is a strong option in its class.

LAYOUT:

M/Y FOREVER, with an overall length of nearly 28 metres, offers an excellent balance of luxury, performance and upgrades, making it a compelling option. The flybridge is well equipped with a hydraulic dinghy crane, wet bar with BBQ, generous sofas, table, sundeck and a helm station. Aft on the main deck, a hydraulic platform, table and comfortable seating create a perfect social area, while forward there is a large sunpad. Below deck, FOREVER accommodates up to seven guests in three cabins: a full-beam master suite, a spacious VIP suite, and a twin cabin with Pullman, all with en-suite bathrooms included throughout.

BROKER COMMENTS:

M/Y FOREVER represents a compelling opportunity for buyers seeking a solid, family-oriented yacht with recent mechanical investment already completed. The 2024 refit focused on safety and key technical upgrades, offering reassurance and reducing immediate ownership costs. Privately used and carefully maintained in Spain, she presents in very good condition with practical spaces and proven cruising capability. For an owner looking for reliability, comfort and value in the 28-metre segment, FOREVER stands out as a well-balanced and sensible choice.
