YACHT DESCRIPTION:

Architect:	Xavier Fay	Material:	GRP
Internal Furniture:	Light Oak Wood	External Hull Colour:	White

S/Y MANUELA is a Bali 4.2 Open Space sailing catamaran, built in June 2023 and first launched in May 2024. Since launch, it has been sailed exclusively by a professional captain employed by the owner, ensuring consistent care and maintenance. The engines have been operated primarily at low revolutions for battery charging, resulting in minimal mechanical strain. The vessel offers excellent stability and smooth circulation throughout. Its bright and spacious saloon merges with the galley, extending to both the bow lounge and aft terrace. With four en-suite cabins, high-quality finishes, and panoramic design, MANUELA offers comfort and functionality throughout.

LAYOUT:

The layout is defined by Bali's signature open-space concept, creating seamless flow from stern to bow. The aft terrace connects directly to a bright saloon and fully integrated galley, all on one level, enhancing circulation and sociability. Forward, the bow lounge offers an additional relaxation area with direct access from the interior. Below deck, four well-proportioned en-suite cabins are arranged across both hulls, providing privacy and comfort for guests while maintaining generous storage and natural light throughout.

BROKER COMMENTS:

S/Y MANUELA feels fresh, beautifully maintained and ready for her next adventure. She offers remarkable space, light and stability, creating an effortless onboard lifestyle that few yachts in this size range can match. Thoughtfully cared for and professionally run from day one, she presents as a smart, turn-key opportunity for relaxed cruising in comfort and style.
