YACHT DESCRIPTION:

Architect:	Fulvio de Simoni	Material:	GRP
Internal Furniture:	Grey Walnut	External Hull Colour:	Metallic Silver

M/Y HAPPY DAZE is a Pershing 5X that captures the brand's unmistakable combination of performance, design and everyday usability. Delivered in 2024 and finished in Pershing's signature metallic silver colour scheme, she offers contemporary styling with strong visual identity and impressive handling. Powered by twin Volvo D11 IPS950 engines, HAPPY DAZE reaches 36 knots while maintaining straightforward manoeuvrability through joystick control and integrated navigation systems. Her large glazing surfaces and panoramic roof create an unusually bright atmosphere throughout the yacht, reinforcing the seamless connection between interior and exterior living. VAT paid and lightly used, she presents as a clean, turnkey opportunity.

LAYOUT:

M/Y HAPPY DAZE features a practical two-cabin layout designed to maximise space and comfort within a compact performance platform. The accommodation includes a full-beam owner's cabin amidships and a forward VIP cabin, both with en-suite bathrooms. The lower dinette is convertible, allowing accommodation for two additional guests when required. The main deck combines helm station, dining area and lounge into a single open environment connected directly to the cockpit through large glazed openings and a retractable roof system. Exterior circulation is simple and efficient, with side decks leading to the forward sunbathing area and a comfortable aft cockpit positioned above the tender garage.

BROKER COMMENTS:

Having recently been on board HAPPY DAZE, I was amazed by her immaculate condition and extra equipment installed. Her first and only owner has taken very good care of her since day 1. She's VAT paid and ready to be enjoyed by her next lucky buyer. She represents an amazing opportunity for anyone who is looking for a boat in turn-key conditions and ready for the season.
